TELECOMMUNICATIONS

IN THE MATTER OF THE FILING OF A)	<u>ORDER OF APPROVAL</u>
SUPPLEMENT TO TARIFF N.J.B.P.U.)	
NO. 3 OF UNITED TELEPHONE)	
COMPANY OF NEW JERSEY, INC.)	
D/B/A SPRINT PROPOSING TO)	
INTRODUCE LIGHTLINK SERVICE)	DOCKET NO. TT02080561

(SERVICE LIST ATTACHED)

BY THE BOARD:

On August 19, 2002, United Telephone Company of New Jersey, Inc. d/b/a Sprint filed a petition to revise its tariff to introduce a new service known as LightLink Service.

LightLink Service provides for the simultaneous two-way transmission of synchronous digital signal at a speed of 44.736 Mbps between the two points within a LATA.

LightLink is used by business customers for voice, data and video applications, examples of its use are: integrating multiple voice, data, and video lines, file transfer (payroll, inventory), full motion video, video conferencing, electronic mail, transaction based systems (billing, reservation).

.

With introduction of this service, LightLink will help business customers to transport large amounts of data and the introduction of this service will not adversely affect the company's ability to provide, safe, adequate and proper service. The Board therefore, ORDERS that the United's filing be APPROVED as filed.
